Beat 5 Bonds Go at 3.4278%

The \$200,000 Beat 5 road improvement bond issue was sold yesterday to First Jackson Securities Corp. Jackson, at an average interest rate of 3.4278 per cent. Motion was by Beat 3 Supervisor Charles Lavinghouse, seconded by Beat 4 Supervisor James Necaise. Board President R. C. Hubbard expressed satisfaction with the price.

Merchants Bank and Trust Co. was second low bidder of the seven firms with an average interest rate of 3.5132. Other bidding and their average interest rates were: Leland Speed, Inc., Jackson, 3.54; Alvis and Co., Jackson, 3.614; First National Bank of Memphis, Memphis, 3.7137; John A. Nunnery and Co., Meridian, 3.562282; and M. A. Saunders and Co., Memphis, 3.7353.

The board of supervisors also accepted the lone bid submitted for printing of poll tax receipt forms. Lawrence Printing Co., Greenwood, was the bidder at a price of \$893. Motion was by Lavinghouse, seconded by Beat 1 Supervisor Charles A. Russ, Jr.

Renewal of a one year lease to Placide Bourgeois for trapping in the Section 16 Jackson marsh for \$153 was voted with Necaise making the motion, seconded by Russ.

Beat 2 Supervisor L. M. Frieron was absent from the meeting due to illness. The board recessed until May 28.

Bay Phones To Get DDD Aug. 12

Direct distance dialing will come to Bay St. Louis on Aug. 12, J. C. Dabney, Gulfport group manager for Southern Bell Telephone Co., announced this week.

For many months operators have been dialing calls and will continue to do so for person-to-person, collect, coin telephone, credit card and other calls requiring operator assistance, he said.

To make DDD calls, a telephone user dials "1" to reach the long distance equipment. On calls within the state he then dials the desired number. On out of state calls he dials an area

code of three digits (404, for example, to get Atlanta) and finally the telephone number in the distant city.

On all calls, after the desired number has been dialed, the operator will come on the line to ask for the calling number.

Electronic equipment records onto a paper tape many of the details of the call such as destination, time and telephone number. The operator records in the calling number. When the call is completed, the time is recorded on the tape and all information is on hand for the computing machines.

From the taps, details of the call are put on punched cards which run through a series of sorting machines so all calls charged to a customer's bill are assembled and typed automatically on statements and mailed monthly.

Dabney said Southern Bell planned the changeover so no operators need to be discharged to make way for this automation. Operators will still be needed to handle all long distance calls other than station-to-station.

The Gulfport exchange went to direct dialing in January and Pass Christian changed over last Sunday.

Eighty boats, including lightning-fast machines from Houston, Texas, to Coral Gables, Fla., will be on hand for the event. Races, in nine classes up to 266, will begin at 11 a.m. One of the highlights will be races in a new class, Pleasure boats, with boatmen from Gulfport and Biloxi participating. These boats must be standard hulls with from 75-100 horsepower outboards.

Max Trelles, chairman of the regatta, said races will be run in two heats with the top average for place of finish in the two heats in each division claiming first place in that class. At least six boats will run in every heat, with about 10 running in most of the first heats. Races are scheduled to start at intervals of 20 minutes, and action will continue almost until dusk.

Local talent entered includes A. J. Piazza, Jr., New Iberia, son of Bay barber Tony Piazza, and Macle Trelles, son of Max Trelles.

Commercial Frog, Turtle, Alligator Stalking Illegal

A law protecting wildlife states that hunting, killing or catching alligators is illegal in Mississippi, and requires persons selling frogs and turtles for novelty purposes to have a resident hunting and fishing license, or a special permit.

The law, which went into effect on March 28, 1962, states that it is unlawful for any person to hunt, kill, or catch turtles and frogs for commercial purposes without the special permit.

Violators of this law are liable to a fine of from \$25 to \$200.

Bridges On Kiln Road Not Ready

New bridges over Bayou Lacroix and Jordan River, part of the Kiln Road project, will not be open to through traffic for another 30 days, an official of Circle, Inc., bridge contractor, told the Echo yesterday, contrary to a report by the State Highway Department.

Both spans, which have been out since last summer, are completed but some work remains which is impeded by heavy use. Special arrangements are being made to get mail carriers and school buses across to eliminate use of the circuitous detour from Bay St. Louis to Kiln via Fenon.

Motorists also are advised not to try yet to use the road which is impassable most of the time with heavy equipment and dust. The contractor warned that if there be a heavy rain, mud will augment the problem. Fall is the target date for completion of this work.

School Board Pushes City Stadium Details

Trustees of the Bay St. Louis Municipal Separate School District recessed their meeting Monday until 7:30 p.m. next Tuesday when Architect Fred Wagner will be directed to prepare final plans and specifications for the proposed school stadium on the North Bay property if 20 per cent of the qualified voters in the school district do not call for a referendum on the \$45,000 loan to finance the work before this coming Monday.

With no indications the project will engender opposition, City Commission Council is expected to ratify the loan when it convenes at 10 a.m. Monday.

Trustees discussed shifting location of the football field on the tract to provide parking area on each side and egress over both Hillcrest Drive and Commerce Blvd., rather than on one side as now planned so as to expedite the flow of traffic.

While Superintendent J. D. McCullough urged haste he cautioned immediately to start grass on the football field so it can be used next fall. Board Attorney Sam L. Favre, Jr., cautioned as to the legality of this stage. He also turned thumbs down on suggestions of undertaking the project on a non-contract basis to save money, noting difficulties which might arise.

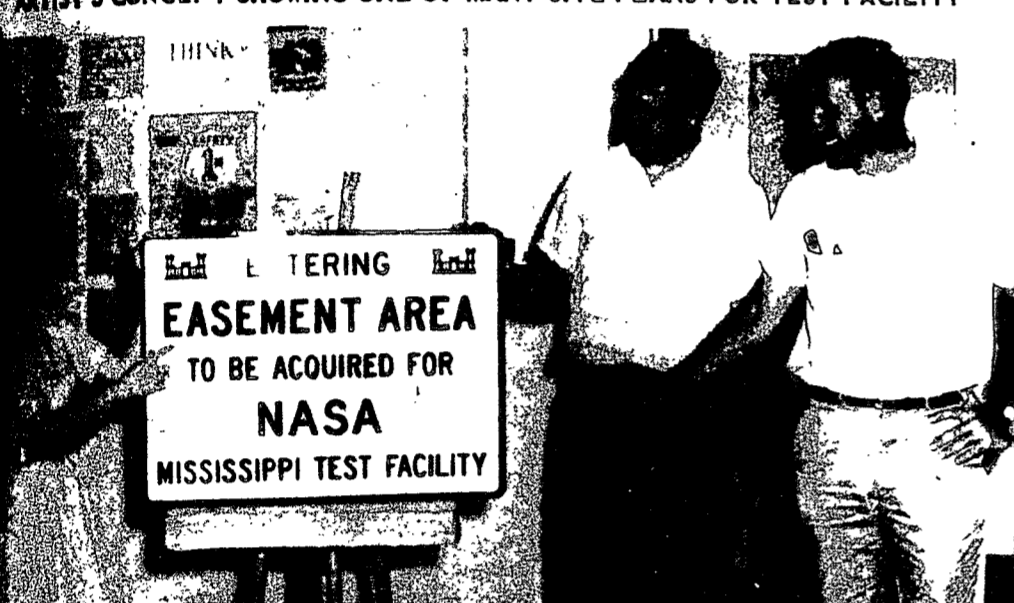

Athletic equipment purchases and bus repair bills were questioned closely by the board as it approved the claim docket for the month. Applications for faculty posts were considered and the superintendent reported Mrs. Norman Hall, librarian and Student Prints advisor who has been on the staff for the last 14 years, has resigned. The Echo understands Mrs. Hall has accepted a teaching position in Louisiana.

Forestry Field Day Scheduled Tuesday

Annual forestry field day sponsored by the Hancock County Agricultural Coordinating Committee will be from 9 a.m. until 12:30 p.m. Tuesday at Mrs. Carl Heitzmann's farm near St. Henry's Church at Bayou La Croix, County Agent O. O. Swords announces.

Taking part on the program with Swords will be Jimmy Tier, extension forester; Glenn Purvis, area forester; W. W. Graham, management forester; M. T. Parker, fire control forester; Frank Davis, St. Regis Paper Co.; Hugh Hill, International Paper Co.; John W. Hayes, ASC office manager; D. E. Post, SCS, and R. E. Hobbage.

Six More Sales Set for NASA

Purchase of six more tracts in the area of NASA's Hancock County Test Site has been completed in the last week, O. B. Jones, project manager for the Corps of Engineers' real estate acquisition office here, reports.

The list includes Rorie Gayle, 1.88 acres; Mary B. Jones, 55.75 acres; Jack Whitely, 1.88 acres; Whitney Blank Rody, 1.88 acres; Whitney Hart and Henry Jones, each 3.33 acres.

With the land acquisition activity, Jones has been transferred to the real estate office here, formerly with the Engineer at Ft. Polk, La. He will be in Julia Street and his office will join him in the next week, he is moving from the old office.

J. Fox of New York, managing editor of the Mississippi News Record, was in town to gather information on the Hancock County test facility.

Visitors have included the following: W. H. Hickok of the U.S. Army Corps of Engineers, who is being transferred to the Michoud plant; J. C. Chevis, a project engineer at the facility.

Working with Moore last week was J. W. Hickok of the U.S. Army Corps of Engineers, who is being transferred to the Michoud plant; J. C. Chevis, a project engineer at the facility.

Pearl River Pair Face Robbery, Intent Charge

Two Pearl River County youths were lodged in Hancock County jail Tuesday night on charges of armed robbery and assault with a deadly weapon with intent to kill following an attack on L. E. Gresham, about 50, of near Poplarville, in the vicinity of Necaise Crossing that afternoon.

Sheriff Gerald V. Price identified the pair as Roy Whitten, 18, and Arnold Hickman, 21, and said each has given a voluntary confession of his role in the case. Bond is not permitted on the charges and the men face hearing before Beat 3 Justice of the Peace Vernis Ladner when the victim is released from Poplarville Hospital where he is under treatment for a severe head wound from the incident.

The alleged assaults were arrested by Gulfport officers at Rose's Club on U. S. 49 late Tuesday after Hancock, Pearl River, Poplarville, Piquette and Hattiesburg enforcement men were alerted along with those from Harrison. They were returned here by Deputies Gerald Favre and Donald Marquis.

Whitten and Hickman ran into Gresham at Hill Top Inn Tuesday afternoon where he is said to have bought them a beer. His car would not start when he left and they pushed it and later turned their car into a gravel pit. Gresham got out of his vehicle there and the two asked him for his money which he gave—between \$20 and \$30—after which Hickman confessed to taking a .22

rifle from his car and hitting the man on the back of the head with the gun butt. Both Hickman and Whitten maintain the man was not shot. The pair left him on the ground and stopped at several local establishments before heading for Gulfport.

Gresham was found in the pit by Wallace Peterson, Beat 3 grocery operator, who took him to Poplarville and alerted the law. Price said. The sheriff with Deputies Lander Necaise and Charles Peterson hastened to Poplarville when the call came. Deputy Gerald Price, Jr., manned the radio transmitter in the office here and said the new equipment enabled him to save 24 long distance phone calls.

He said the man, arrested late last week by Deputies Ronald LaFontaine and Walter Yarborough, has been released on \$4,500 bond and is now out of town. His wife is bedridden.

Clyde Harburt, assistant district attorney, has recommended a petition to Youth Court to

At Waveland

Happy vacation planning week! Yes, that's just exactly what is coming up May 20-26 according to another of these official documents from the Hon. Ross Barnett which are at least good for giving brain weary columnists subject matter when they feel, to say the least, uninspired. The governor seems somewhat concerned with the fact that weary workers depend on vacations or rest, pleasure and the like, however, he sagely notes that millions of dollars in gasoline and other taxes factor the state treasury, and can't pass up the chance to suggest that all residents do their duty to attract tourists from other states to visit our state and add to local prosperity. Really an excellent suggestion. Anyway, it's time to begin the annual squabble—the kiddies are partial to Florida, pappy wants to try a little fresh water fishing and mamma yearns for the bright lights of the big city. We personally can't think of any place more desirable than the good old Gulf Coast—although a trip to the World's Fair in Seattle would be novel.

World's Fair Visitors

Speaking of the world's fair, the Dan Seifman and grandson, Danny Widley, should be arriving there just about the time we go to pappy. Their dream vacation is one way of celebrating Mr. Seifman's recent retirement. Their itinerary includes Baton Rouge, Houston, Los Angeles, and of course, Disneyland and on top the Far West. Have a couple of last weeks goofs to clear up—Thelma Lumley's doctor decided it would be well for her to remain in Hattiesburg General for at least another week, which means she won't be released until about the 20th. . . then she's to remain quietly at home for another three weeks. . . she should at least be completely recuperated when the new Postoffice is dedicated. We also had Audrey Cobb's doctor's visit, and presented her with an extra daughter. . . at present she has only four and was only kidding when she stated "I'll have to go to Germany to get a boy. . . oh well, an error here and there helps fill the following week's column.

Snatched a peek at Beverly and Mickey Graham's tiny can the day after his arrival. Little Michael put in his appearance at 1:30 a.m. last Tuesday at Hattiesburg General. . . he weighed six pounds, three ounces and although less than 48 hours old when we saw him, he wasn't even pink. . . just little and white, a really beautiful baby. Another beautiful baby is Little Michele Farham. . . a real doll with enormous hazel eyes and a tuft of auburn fuzz.

Welcome to Waveland

Welcome to Waveland to Mr. and Mrs. John London and children, Tom, Anne Jean and David, who moved here several weeks ago from Rochester, Mich. Mr. London, a Michoud employee purchased the home formerly owned by Dee and Paul O'Donnell on Dogwood Drive. Our Waveland ladies seem to be walking away with all local honors. Grace Baron was sweepstakes winner in the Boy-Waveland Garden Club's spring flower show and Mrs. Henry Siller took sweepstakes honors in Spring Glorified, Home Demonstration Club's flower show competition.

Belle Peterson entertained at luncheon and concert for 15 guests last Thursday with food more like a banquet than ladies luncheon. . . there was a delicious roast with mushroom gravy, macaroni and cheese, brussels sprouts and asparagus, molded salad, hot rolls and bread pudding with a scrumptious (and tempting, naturally) sauce. Rose Richmond won a first prize for high score, Elaine Davis took home the booby prize and I'm informed that I won the consolation prize—(had to leave a bit early). Guests included Grace and Helen Bordages, Gladys Baxter, Nettie Burleigh, Ger Robertson, Irene Vogt, Rae Cope, Florence Foegele, Ruble Bordages and daughter Betty Lader, Doris Vogt, Mary Roussau and the above mentioned prize winners.

Mother's Day Events

Mother's Day was celebrated rather quietly with family dinners the most popular gatherings. Henry Devalle had gone to Chicago on a business trip, but daughter Gayle Webb, Bill Goelzenleuchter, Kenny, Henry, Jr., Pam, Gary entertained Ann at a picnic on Cataboula Creek. Marguerite and Ken Buddendorff opened their swimming pool at a barbecue for various relatives. Mrs. J. J. Mummess (Elaine Davis' grandmother) was guest of honor.

Phyl Lagasse observed Mother's Day with visits from daughter Gaynel, who is employed in the Crescent City, and younger daughter Jeanne, who came home from boarding school for the weekend. Phyl's mother also drove over for the day, Jay and Jimmy were present, of course. Ruth and Max Ballatin entertained both "mamas", Lulu Meynster and Mrs. Ballatin, or, Clarence Cornell dropped in for a brief visit Sunday afternoon informing everyone that he's rapidly acquiring the nickname "Case-nove of Coleman Ave."

suffered when she came out second best in an encounter with a car. Rev. Charles Johnson has added to his menagerie—we're glad to report that Pierre, the goat, has lost his wandering tendencies; Prince, the dog, however has competition from a curly tailed pig christened Suede who refuses to admit that she's a porker and emulates the canine at every opportunity. Betty and Harris Robertson arrive today for a visit with Harris' mother, Geri, enroute to Washington, where he is to be stationed at the Pentagon. Bibbie Sonier is driving the newest, shiniest, sportiest car in town these days—he acquired the dark red vehicle last Tuesday.

Good for Both

The five plaques presented to local citizens by United Gas this week may have been a bid for local support and publicity, especially since two of the plaques went to the local newspapers. But the story back of the plaques is another thing. The plaques depicted the full page color ad, the fifth in a series, being run this month by the utility in five major national magazines featuring Gulf Coast activities with the lead being a picture of the bridge over Bay St. Louis captioned A Sportsman's Paradise. That of course is good publicity for our area.

However, the primary importance lies in United Gas's efforts to promote the six Gulf Coast states to the rest of the nation. That the company serves these states and is therefore interested in their growth for their own benefit does not mitigate against the value to us of the publicity they are giving our area.

Bay St. Louis lies in the path used by U. S. ultra-sonic aircraft on training missions. On occasions therefore it is likely the residents of this area may be disturbed by the sharp crack referred to as a sonic boom when these planes pass overhead and the cone of sound waves caused by the plane's high speed hits here. Even window panes may be broken.

Remember these training missions are for our protection against much greater disturbances than minor inconveniences.

If you're interested in power boat racing with classes of boats that sometimes exceed 140 m.p.h., you should watch the St. Stanislaus Sidelines Club's Second Annual Regatta this Sunday.

TO THE QUALIFIED ELECTORS OF THE MUNICIPAL SEPARATE SCHOOL DISTRICT OF BAY ST. LOUIS, MISSISSIPPI

The Mayor and Board of Commissioners of the City of Bay St. Louis, at a regular recessed meeting held on April 30, 1962, considered a petition and resolution adopted by the Board of Trustees of the Municipal Separate School District of the City of Bay St. Louis and filed on the 30th day of April, 1962, requesting the Commission Council of the City of Bay St. Louis to borrow the sum and amount of \$45,000.00 to be used for the purpose of clearing land for a football field, construction of stadium lights, construction of rest room

facilities and concession stands, and construction of a fence around football field and stands, and to issue notes or certificates of indebtedness bearing interest not exceeding four per cent per annum, to be paid annually or semi-annually and to be paid from certain funds provided by the City Commission of the City of Bay St. Louis as provided by House Bill No. 21, Extraordinary Legislative Session of 1953, and all amendments thereto, including Chapter 275 of the 1956 Regular Session of the Legislature, said indebtedness to be evidenced by short-term notes or certificates of indebtedness to mature in a period not to exceed five years from the date of issuance.

A copy of the resolution and petition of the Board of Trustees of the Bay St. Louis Municipal Separate School District is as follows:

BE IT REMEMBERED, that on the 27th day of April, 1962, there was a special meeting of the Municipal School Board of the City of Bay St. Louis, Hancock County, Mississippi, which meeting was legally called and held upon due notice in writing to the individual members of said Board, specifying the purposes thereof. Said meeting was held in the office of the City Superintendent of Schools in the said City of Bay St. Louis. Present at said meeting were Robert L. Hamilton, J. W. Watts, Jr., Sam Whitfield and Maurice J. Artigue, who constituted a majority of the Board. Absent from the meeting was Theodore Thomas.

There came on for consideration the matter of borrowing the sum of \$45,000.00 for the purpose of clearing land for a football field, construction of stadium lights, construction of rest room facilities and concession stand, and construction of a fence around football field and stands; and the board having duly considered the matter finds that it is necessary to make a loan in said amount; whereupon Trustee J. W. Watts, Jr., moved the adoption of the following resolution, to wit:

RESOLUTION OF THE MUNICIPAL SEPARATE SCHOOL DISTRICT BOARD OF TRUSTEES REQUESTING THE MAYOR AND COMMISSIONERS TO BORROW MONEY ON SHORT TERM NOTES OR CERTIFICATES OF INDEBTEDNESS TO BE USED FOR THE PURPOSE OF CLEARING LAND FOR A FOOTBALL FIELD, CONSTRUCTION OF STADIUM SEATING, CONSTRUCTION OF REST ROOM FACILITIES AND CONCESSION STAND, AND CONSTRUCTION OF A FENCE AROUND FOOTBALL FIELD AND STANDS, SAID LOAN TO BE MADE UNDER AUTHORIZATION OF HOUSE BILL NO. 21, EXTRAORDINARY LEGISLATIVE SESSION, 1953, AND ALL AMENDMENTS THERETO, INCLUDING CHAPTER 275 OF THE 1956 REGULAR SESSION OF THE LEGISLATURE.

TO THE MAYOR AND BOARD OF COMMISSIONERS OF THE CITY OF BAY ST. LOUIS, BAY ST. LOUIS, MISSISSIPPI:

We, the undersigned members of the Board of Trustees of the Bay St. Louis Municipal Separate School District, pursuant to a Resolution of said Board adopted on April 27, 1962, at a special meeting of said Board, a certified copy of which Resolution is hereto attached and made a part hereof, do hereby petition and request your Honorable Mayor and Commissioners to borrow the sum of \$45,000.00 under House Bill No. 21, Extraordinary Legislative Session, 1953, and all amendments thereto, including Chapter 275 of the 1956 Regular Session of the Legislature, said money to be used for the purposes set forth in the aforesaid Resolution.

The Board further petitions that your Honorable Mayor and Commissioners issue short-term notes or certificates of indebtedness as evidence of said loan, said notes or certificates to be in equal annual or semi-annual installments, and bearing interest not to exceed four per cent per annum and for a period of not to exceed five years.

Respectfully Submitted, BOARD OF TRUSTEES OF THE BAY ST. LOUIS MUNICIPAL SEPARATE SCHOOL DISTRICT.

A City Need Our Readers Write

Editor, Sea Coast Echo:
All that is necessary for us to obtain a sewage disposal system for Bay St. Louis is that we support and vote for a bond issue to be financed by a special assessment tax based on the pro-rated cost per front-foot of the properties served.

A sewage disposal system will enhance the value of property served by approximately twice the amount of the pro-rated cost.

Sub-surface drainage, concrete streets with curb and gutter, paved sidewalks, all can be obtained in the same manner. The affected owners will benefit directly; the entire area will benefit indirectly, both residential and business wise.

Adequate water distribution can be obtained by our supporting and voting for a bond issue to be financed by revenues from a metered water system. Each one of us will then pay his fair share based on the quantity of water use. The additional cost would be more than offset by the convenience of a constant plentiful supply of water, added protection in case of fire and lower fire insurance rates.

With commendable foresight our city officials have secured adequate preliminary plans for sewage disposal and water distribution systems. They also have the know-how and the ability to secure all of the available state and federal aid to further these projects.

What is needed are a few interested persons willing to devote themselves to the organization and hard work necessary to inform all of us of the relative costs and benefits resulting from such improvements.

As Mr. Kent of NASA said, we can either remain as we are, or we can move forward to take advantage of the opportunities that are beginning to unfold around us.

To move forward however, we must be prepared to do no others have done - pay our way.

Very truly yours,
L. H. RAYMOND, Jr.
Bay St. Louis.

Editor, Sea Coast Echo:
I would like to ask a favor of the Sea Coast Echo. Could you, through the paper, let us know how the Kila Road is progressing? You see, we have to use the Pearllington and Texas Flat Roads to get to our cabin, and we do miss very much coming into the Bay for church and our supplies.

Since we have the Sea Coast Echo delivered to our home in New Orleans, we would be happy to read how the roads are coming along.

Gentlemen:
Attached to a letter from Mr. Bruce H. Campbell concerning the PROPOSED CITY-HANCOCK COUNTY AIRPORT. This letter is self-explanatory.

Mr. Campbell asks if there is a low-boy here in Bay St. Louis which could be used to haul a bulldozer from and to Jackson, Cox and Currier Construction Company own a low-boy and perhaps for a reasonable cost it could be hired to transport the dozer. Mr. Campbell also asks that I contact you gentlemen in order to arrange a meeting immediately after the first of the year. At your first meeting in January I will meet with the Board and at that time we can arrange to have Mr. Campbell meet with us.

It is hoped that the air strip can be completed soon after the first of the year. It will definitely be an asset to Hancock County, I think, and if we are to keep abreast of the times we DEFINITELY SHOULD HAVE AN AIRPORT IN THIS SECTION.

Yours very truly,

Volunteers Halt Fires

Fire broke out in Clemons last week alarming the whole community. In an abandoned saw mill near the Carr property the fire began smoldering and a bright fire roared out of the back of the Hill property on RR Ave. . . But for the quick action of the Waveland Fire Dept. and 15 or 20 volunteers the fire would have been disastrous. Mrs. Garcia as the grocery usually has set up a contribution box for their benefit in which \$50 has been deposited which will no doubt be augmented by the summer residents when they arrive after school closes. . .

Two fires in one day broke out next door after neighbors. . . John Wrensted, a retired carpenter, who lives nearby, whose eagle eyes and radar ears were alert, heard the talkative crackling of a creeping fire. . . He ran over alert, through Rosie's place, over the fence and stamped it out. . . In about an hour the fire broke out again. In about an hour it started again, Rosie yelled, Fred Bourgeois, several blocks away, heard, as did Raymond Nelson and with Capt. Wrensted and two long hoses, out of which came merely a trickle of water, the firefighters eventually conquered the blaze. It was not a simple task to leave a hose attached to your faucet these days of long drought, even an alert passer-by would be able to extinguish a blaze if that much help were available. Think it over and YOU can do to protect your property and that of your

Race With the Stork

Richmond lost her race with the stork last Tuesday when she arrived at Touro with her third grandchild. . . in a simple time but was stryimed at Industrial Canal by the bridge and again at Canal St. by a long funeral procession. . . times around Touro in search of a parking place and a walk . . . blocks brought a delay and little 6 lb. 12 oz. Avri, daughter of Robert and Bernice Richmond, was two hours old when grand- . . . arrived. Avri, feminine counterpart of Hebrew Avrum is named for her late great uncle, Abram (Abe) Well of N. O. The Richmonds have two other grandchildren, Karen Richmond Deano, and Shael, soon 3. . . Gertrude Robertson has turned lyrical in answer to the many inquiries as to how she is feeling after her recent hospitalization. She wrote a neat poem, hands it to you, and lets you read for yourself.

The three members of the Clermont HD group who took entries to the HD Council flower and vegetable show May 9 each came out with blue ribbons. Nettie Burtleigh, Mary Rousseau and Lella Saleebay all won three and Lella topped the coveted tri-color as well. . . News comes that Harold, who is a theological student, may get the assignment to a church this fall. Mrs. Alice Kern of Baton Rouge, formerly of Clermont, has been a visitor at the Robert Brown home on the Boulevard for the past two weeks. . . Mr. and Mrs. Roland Flick of N. O. and Clermont, have been staying in their apartment in town for a couple of weeks, leaving daughter Wanda and her husband to housekeep for themselves for a time.

5. The sale price per share, if desired, of stock without par value and authority for board of directors to fix or change such sale price, if such authority be desired.

The Board of Directors shall have the authority to fix the value per share from time to time; however, the present sale price is \$200.00 per share.

6. Period of existence is: Ninety-nine years.

7. The purpose for which it is created:

(A) To engage in the business of acquiring, purchasing, owning, selling, leasing, conveying, and otherwise owning, investing and disposing of real and personal property. To engage in the businesses herein mentioned on credit as well as cash, to lend money, borrow money, acquire, own and purchase accounts, notes, deeds of trust, mortgages, and all kinds of securities, real and personal, for any money and debts to any other person, firm, association, corporation, and to mortgage, pledge, sell, transfer, assign and otherwise dispose of its personal as well as real property.

(B) To take, acquire, buy, hold, own, maintain, work, develop, plat, divide, subdivide, improve, exchange, and otherwise deal in and dispose of real estate and real property and all other kinds of property of whatsoever nature, either real, personal or mixed.

(C) To purchase, hold, and reissue from time to time, as it may see fit, any shares of its own stock, using for such purpose any funds of the corporation available therefor, including any part of its surplus; but while the corporation holds the same, it shall not be entitled to vote such stock or to receive any dividends thereon.

(D) To purchase, hold, sell, assign, transfer or otherwise dispose of any stock, bonds or other securities or evidences of indebtedness created or issued by any other corporation or corporations, association or associations formed under the laws of the United States, the State of Mississippi, or any other state, district, territory or other country, or bonds, securities or evidences of indebtedness of the United States of America, any state, territory or foreign country or any political subdivision of any of them, and while being the owner thereof to exercise all rights, powers and privileges of ownership, and to aid in lawful manner any corporation or association of which the stocks, bonds

IT'S DANTAGNAN AGAIN--This attractive home on lovely grounds at 125 St., formerly owned by Claude C. Baker of Baton Rouge and Jeanne Toussaint of Orleans, has been sold to V. F.
